Children Cry for Pitcher's Castoria.

GREAT BRITAIN'S VIEWS.

They Have No Use for Monroe Doctrine, it is Said.

Suggestion that Greytown Will be Bombarded Called Absurd.

Will Take Steps to Collect Indemnity If Payment Is Refused.

LONDON April 17 In an article commenting on the situation of the dispute between England and Nicaragua the St James Gazette accuses the American newspapers of wonderful ignorance of diplomacy The Monroe doctrine it says has been a doctrine that for 62 years has never been acted on When ever England has any serious differences to settle with the republics of South America nothing but settled international law will prevent her from settling them The suggestion that England wants to bombard Greytown is absurd

If Nicaragua foolishly refused to pay the indemnity demanded by England with the knowledge of the United States Great Britain will take such steps as the American government was perfectly aware of at the time the demand was made

INCOME TAX QUESTION.

Attorney General Files a Brief in Rehearing Petition

WASHINGTON April 17 Attorney General Olney filed a brief in the United States supreme court to-day upon the petition for a rehearing of the income tax case

The opening paragraph of the brief says The United States respectfully [illegible] that if a rehearing is granted it should cover all legal and constitutional questions involved not merely those as to which the court is equally divided

He calls attention to the fact that if this new exposition of the constitution are upheld in the opinion of the chief justice is to prevail as to the tax on power of the government the United States has under the previous income tax laws collected vast sums of money which, on every principle of justice it ought to refund

IMPORTANT DECISION
Regarding the Right to Pension in Large Number of Cases

WASHINGTON April 17 A decision has been rendered by the Secretary of the Interior involving the right to a pension in the claims filed by persons on attaining their sixteenth year, for, or on account of whom no claim was made during the period of their pensionable minority as children of a soldier who died from causes originating in the service and line of duty

This decision is of importance as involving the determination of a large number of pending or rejected claims

The Secretary holds that the clause children under sixteen years of age, is descriptive of a class of claims excepted from the limitation act of March 3 1879 and not forfeited by neglect to file application during the period of pensionable minority The amount of increase the decision will involve it is said will reach several hundred thousand dollars There are now about two hundred such cases pending before the interior department

POSSIBLE MURDER CASE
People do Not Agree With Medical Examiner s Views

NORWALK Conn April 17 Medical Examiner Lowers has completed the investigation into the death of Mrs Michael Maloney whose body was found on the door of the storeroom in a Saugatuck tenement house early Monday morning but will make no official announcement of the finding until next week Although acknowledging that every outward indication pointed to murder he is inclined toward the belief that alcoholic apoplexy caused the woman s death

Dr Lowers explains the bloodstains as being the blood of a goat killed in the room where Mrs Maloney s body was discovered The finger prints on the dead woman s throat are attributed to her efforts to loosen her waist in her drunken frenzy to get air just before her death and the contusion over the left eye to a fall on the floor The residents of Saugatuck are stronger than ever in the belief that murder was committed and the local officers are working on the case

Runaway Boys Liked Their Runaway Trip Until They Got There

WATERTOWN Mass April 17 Two Watertown boys of about [illegible], named Fitch and Sprague sons of respectable parents have been missing from their homes about ten days Early this week the father of Sprague received a message from his boy saying he was in Portland Me in company with Fitch and wanted to get home Mr Sprague sent $3 to Portland with instructions to the boys to take the night boat to Boston and get to Watertown the best way they could Why they went away is unknown A letter received to day states they will return to night

ANOTHER STRIKE
This Time for Some Unknown Cause

PROVIDENCE April 17 The weavers of the Geneva mill North Providence about thirty in number, were on strike again to day The reason for coming out this morning does not appear to be definitely understood Senator-elect Ulmann who is the owner of the mill is unable to explain the cause of the strike He stated that the weavers have not been to him with any grievance The weavers say some leaders in the recent strike were discharged

Active Measures for Suppressing the Rebellion

SANTIAGO DE CUBA April 17 Following the arrival of Gen Martinez Campos active measures for the suppression of the rebellion have been taken Gen Garrich has been appointed governor of the province of Santiago de Cuba Gen Salcedo was appointed commander of the first division with headquarters at Santiago de Cuba and Gen Le Chambre is assigned to the command of the second division with headquarters at Bayamo

Gen Martinez Campos has issued a proclamation asking the support of the various political parties promising to implant reform at the conclusion of the rebellion, which he hopes will be speedily terminated

Town Burned by Insurgents

KINGSTON Ja April 17 Refugees from Cuba are arriving daily The latest arrivals report that the town of Las Tunas was burned by the insurgent leader Cebreco and that the town of Bayamo was besieged by the rebel leader Crombet with five hundred men

WASHINGTON NEWS.

Cordial Attitude of United States Toward Central and South America

WASHINGTON April 17 Perhaps the most striking characteristic of the new volume of foreign relations correspondence another portion of which came out to day is the extremely cordial attitude of the United States under the present administration towards the Central and South American republics, the complete confidence of the governments of those countries in the United States and the satisfactory settlement of all questions occurring between them with out recourse to the ultimatum method or to the adoption of a threatening policy

ASSIST NATURE

a little now and then in removing offending matter from the stomach and bowels and you thereby avoid a multitude of distressing derangements and diseases and will have less frequent need of your doctor's service

Of all known agents for this purpose Dr Pierce s Pleasant Pellets are the best Once used, they are always in favor. Their secondary effect is to keep the bowels open and regular not to further constipate as is the case with other pills Hence, their great popularity with sufferers from habitual constipation, piles and their attendant discomfort and manifold derangements The "Pellets" are purely vegetable and perfectly harmless in any condition of the system No care is required while using them, they do not interfere with the diet habits or occupation, and produce no pain griping or shock to the system They act in a mild, easy and *natural* way and there is no reaction after ward Their help *lasts*

The Pellets cure biliousness, sick and bilious headache, dizziness, costiveness or constipation, sour stomach loss of appetite, coated tongue, indigestion, or dyspepsia, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. In proof of their superior excellence, it can be truthfully said, that they are always adopted as a household remedy after the first trial. Put up in sealed, glass vials, therefore always fresh and reliable One little "Pellet" is a laxative, two are mildy cathartic. As a "dinner pill" to promote digestion, or to relieve distress from over-eating, take one after dinner. They are tiny, sugar-coated granules, any child will readily take them.

Accept no substitute that may be recommended to be "just as good" It may be *better for the dealer*, because of paying him a better profit, but *he* is not the one who *needs* help.

THE TERMS OF PEACE.

China Makes Important Concessions.

Japan to Receive Possession of Valuable Territory.

Commercial Concessions to be Shared With Other Nations

LONDON, April 17 The Central News despatch from Tokio says that by the terms of the treaty of peace Japan is to receive possession of Formosa Pescadores islands the peninsula of Liao Tung from Yin Kow to Au Ping, in Yalu river and an indemnity of 200,000,000 taels in silver Several important commercial concessions are made by China and the Japan is to share with other nations No territory will be occupied by Japan as a temporary guarantee except perhaps Li hung Tse

Pleased with Terms of Peace

LONDON April 17 Mr Curzon, secretary of state for foreign affairs suddenly made his appearance in London this afternoon The Globe on the authority of the Exchange Telegraph Company says it is understood that his return is connected with the conclusion of the peace negotiations between China and Japan, and the situation of the Nicaragua dispute

The Standard publishes interviews with a number of merchants in the East ern trade and all expressed themselves pleased with the terms of the settlement between China and Japan

They have no doubt that the conclusion will relieve the stagnation Eastern trade and express the conviction that the opening of cotton factories in China will seriously affect the cotton industries in Lancashire

The Powers Will Look Over the Terms

BERLIN April 17 A despatch from St Petersburg says that France and Russia are about to come to an understanding with other powers for the purpose of revising the terms of peace agreed upon by the Chinese and Japanese agents

To be Paid on the Installment Plan

LONDON April 17 The Central News correspondent at Tokio learns that the Chinese indemnity is to be paid in silver in five yearly installments

A FORLORN HOPE
Attorneys for Murderer Buchanan Appeal to Great Britain s Minister

WASHINGTON April 17 After the court had announced its decision in the Buchanan case his attorneys began the preparation of a statement for presentation to Sir Julian Pauncefote the British ambassador This statement sets forth the fact that Buchanan is a British subject that his trial was not conducted according to the constitution of New York and the United States, that the courts failed to give relief and Sir Julian is urged to immediately lay the matter before the President in order that a further delay may be had until the claim of unconstitutionality etc can be investigated

This is regarded as an obviously forlorn hope Great Britain, it is said never tolerates interference by other countries with the due course of law (as witness the case of Mrs Maybrick) and never interposes on behalf of her own subjects convicted of crimes except to ask a fair trial before the courts

CLEVELAND OBJECTIONABLE
The President s Brother Forced his Views upon Parishioners

WATERTOWN N Y April 17 The case of the difference between Rev Wm N Cleveland and the Presbyterian church at Chaumont of which he is pastor was submitted to a committee of two clergymen and one layman by the presbytery of St Lawrence

The parties in the church who oppose the continuance of Mr Cleveland as pastor do it not because of his private political belief but it is hinted that he has forced his views on the attention of people to whom they were objectionable and at times when they could not with propriety combat them

State Fair Notes

It s hustle hustle hustle from this time on, says Secretary [illegible] who is all the time on the move for new features to present the officers of the State Society

"Never in my experience has there been so much interest in our State Fair as to day Men are writing from every section asking about space or to arrange for exhibits and here we are almost five months away from the dates The special premium list to which I have been giving my attention will or should please the farmers Twenty five dollar cash specials will be as thick as flies in July and if these do not provoke competition nothing will All of these are placed on straight firm products as we believe first, last and all the time in promoting the agricultural and mechanical industries of the State

"If one can judge by the applications for blanks, the entries for our Maine colt stakes and stake races which close May 1st, will be large The fact is the Maine State Fair has the reputation of paying its bills every cent and paying promptly Last year I settled with the men interested in the races every evening so they could have the money as soon as earned, and shall do the same in the future I believe the horsemen will appreciate this and respond with their entries especially as they are sure of their earnings. Our premium list will be issued early in May and will be the most complete, as well as the most liberal ever presented the public."

Whig and Courier.

BY BOUTELLE BROTHERS.

All business letters should be addressed to Boutelle Brothers, and communications intended for publication should be addressed "Editor of Whig and Courier."

THURSDAY, APRIL 18, 1895

FOR MAYOR

FLAVIUS O. BEAL.

If Crisp should run in '96 his platform would probably be "wild cat banks, flat money, the South in the saddle and spoils for Dixie." That at least was his approximate record as Speaker.

When the conundrum what does the Democratic party stand for was propounded in the Kansas City [illegible] the editor replied "Well, possibly because it is too sore to sit down."

The Southern Democratic papers seem to understand that the reason why several Democratic papers in the North are urging the nomination of a Southern man for President in 1896 is that they expect that the party will be defeated whoever its candidate may be.

The Indianapolis [illegible] declares that there is no ground for the recent statement in the Boston [illegible] that the West is arrayed against the East. It says there is no antagonism in the interests of the two. The Eastern States are the best market in all the world for the farm products of the West, and the West is the best market for the manufactured products of the East. Prosperity for one means prosperity for both. The [illegible] adds that it is time to get rid of this false and harmful heresy that one section of the country can prosper only at the expense of another portion.

The journals that [illegible] upon them [illegible] the occupation of vindicating the Administration are fond of showing that there are about these times occasionally advances of wages. They have the wonderful opportunity to say that the new tariff that measure of perfidy and dishonor has caused these signs of a change for the better. The absolute [illegible] perfectly palpable and plain truth is that the fact there can be no more Democratic legislation for three years gives the people relief from threats of spurious reform and encourages business men to do the best that is practicable with the certainties.

The New York [illegible] says of the President's letter to the business men of Chicago: [illegible]

[illegible]

Democratic Predictions vs. Facts.

When the Democrats were framing the existing monstrosity known as the Gorman-Wilson tariff bill they contended that it was going to broaden the market for American goods in fact would give our producers the markets of the world. The thing passed and has been in force since last August and the result [illegible] by sensible men has occurred. With the lower duties the foreigners are invading our markets while at the same time they are keeping our goods out of their markets. A Washington despatch to the Philadelphia [illegible] says: Still another country has increased its duties against American products. This time it is Sweden which has put up the duty on wheat, barley, corn, flour, etc. Not a single nation has yet in anywise responded to the opening of the markets of the United States to larger sales of foreign goods by the lower duties of the Wilson tariff, unless an increase in the duties on American goods can be called a response. The Argentine Republic did lower the duties on three or four articles but it made some increase on others. But France, Belgium, Germany, Sweden and other countries have increased the duties. And nearly every day some consular report comes in with the report of increased duties on American products.

The report of imports and exports issued by the Treasury Department to-day shows how this increase of duties abroad is "opening foreign markets" to American products, as was promised by the Democrats. The exports for March aggregated $61,875,007. For the corresponding month last year the aggregate was $70,607,500, showing a loss of $5,732,403 in exports for that one month under the Wilson bill as compared with the conditions that existed a year ago. For the nine months of the fiscal year the exports were $86,567,160 less than for the corresponding period in the last fiscal year. That is the way the Wilson bill is "opening foreign markets."

The imports tell a still worse story. For the month of March there was an increase in imports over the same month a year ago of $3,730,182, and for the nine months of the fiscal year the imports have increased $54,655,443. Thus the Wilson bill has opened our markets to foreigners to the extent of $54,655,443, and has at the same time closed foreign markets to our products to the extent of $86,567,160, making a total loss to the United States in its foreign trade of $141,222,609 in less than nine months. The excess of exports for the month of March a year ago was $5,151,875, while this year there is an excess of imports of $4,119,800. In February the excess of imports was $3,080,531. In March this increased to $4,419,800, showing an increase in the excess of imports over exports of over $1,300,000 for March as compared with February. This demonstrates what has been pointed out so often in these despatches—that a steady increase in the adverse balance of trade, such as took place under the Walker tariff bill, must be expected under the Wilson act. And sooner or later this must be met with an exportation of gold, or else by the further sale abroad of bonds.

While there is this rapid increase in the adverse balance of trade there is a continuous increase in the deficit. So far this month, it amounts to $8,885,181, and for the fiscal year to date it amounts to $45,127,637. National finances could hardly be in a worse condition. A rapid increase in the deficit, and a rapid increase in the adverse balance of trade must very soon bring the Treasury to an extremely bad condition of affairs. There is nothing in sight to help it. The income tax decision has destroyed the hope of any very great aid in the way of revenue from the income tax. And the expected large income from sugar has also largely vanished. The imports for March were on the average with corresponding month in other years and yet there was no improvement in the condition of the Treasury, excepting what was brought about by forcing a balance at the end of the month. The available cash balance on the first of March was $187,917,361 which had been reduced up to the last night to $18[illegible],991. And it should be remembered that all of that money is the proceeds of bond sales. At the same time, appropriations are held up.

The great fall in the price of sugar makes the revenue from that source very much smaller than Secretary Carlisle anticipated. At the price of sugar now the same volume of importation as in the year 1895, would only produce $24,000,000 of revenue for the fiscal year as compared with Secretary Carlisle's estimate of $40,000,000. That is about as near correct as the Secretary has got with any of his estimates. It is entirely clear that the expectation of a large increase in the revenue in the next few months from sugar will not be realized. The same thing is true of the income tax and the increasing adverse balance of trade makes matters all the worse.

It is not surprising under the circumstances that the people are being misled by the great efforts of the silver mine owners and fanatics into the belief that it is the money question instead of the tariff that is at the bottom of their troubles. The most outspoken free traders in Congress from the South are the most voluble now in behalf of free silver.

Harper's Weekly IN 1895

HARPER'S WEEKLY is a pictorial history of the times. It presents every important event promptly, accurately, and exhaustively in illustration and descriptive text of the highest order. The manner in which, during 1894, it has treated the Chicago Railway Strikes and the China-Japanese War and the amount of light it was able to throw on Korea the instant attention was directed to that little known country are examples of its almost boundless resources. Julian Ralph, the distinguished writer and correspondent, has been sent to the seat of war and there joined by C. D. Weldon the well known American artist, now for many years resident in Japan, who has been engaged to cooperate with Mr. Ralph in sending to HARPER'S WEEKLY exclusive information and illustration.

During 1895 every vital question will be discussed with vigor and without prejudice in the editorial columns, and also in special articles by the highest authorities in each department. Portraits of the men and women who are making history, and powerful and caustic political cartoons, will continue to be characteristic features. This Busy World with its keen and kindly comment on the lesser doings of the day will remain a regular department.

FICTION. There will be two powerful serials, both handsomely illustrated—The Red Cockade, a stirring romance of olden days by Stanley J. Weyman, and a novel of New York, entitled The Son of His Father, by Brander Matthews—several novelettes and many short stories by popular writers.

Send for Illustrated Prospectus.

The Volumes of the WEEKLY begin with the first Numbers for January of each year. When no time is mentioned, subscriptions will begin with the Number current at the time of receipt of order.

Cloth cases for each volume suitable for binding, will be sent by mail, postpaid, on receipt of $1.00 each. *Title page and Index sent on application.*

CASTORIA for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be **absolutely harmless?**

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Chas. H. Fletcher. is on every wrapper.

Children Cry for Pitcher's Castoria.

TERMS OF PEACE.

Comments of Leading Papers on Imperial Edict.

Russian Journals Sound the Note of Warning.

Li Hung Chang Will Start for Home on Wednesday.

LONDON, April 17. A dispatch to the Star from Tien Tsin, says an imperial proclamation has been issued authorizing Li Hung Chang to sign the treaty of peace with Japan guaranteeing the payment of 200,000,000 taels indemnity. By the proclamation Li Hung Chang is empowered to cede to the Japanese, the island of Formosa and a peninsula of Lio Tung to the 40th degree of latitude to sanction the opening of five new commercial ports including Pekin and to give Japan her power to open cotton factories and other industries in China.

By the terms of the proclamation the import dues at the open ports are not to exceed 2 per cent. Another imperial proclamation has been issued granting sick leave to the Viceroy of Canton and ordering him to his native province.

The Pall Mall Gazette, commenting on the terms of peace, between China and Japan as they are declared by the imperial edict just issued in Pekin says the conditions are better than those mentioned in the Times despatches yesterday but the cession of Formosa will surely displease England while the cession of Port Arthur will be objected to by Russia. Our government the Gazette says, may safely be depended upon to do nothing, however unless the other powers take action.

The Russian journals, according to despatches from St. Petersburg are more vigorous in their utterances than English papers and sound the warning that the signing of such a treaty of peace as indicated by the despatches of the last 24 hours will be only a prelude to a wider though unnecessary armed conflict.

A despatch to the Globe from Shimonoseki says that Li Hung Chang will start for home today having conceded all of Japan's demands.

The St James Gazette says: "If Japan declines to be frightened Russia may come to the conclusion that she would better not try force. Meanwhile England is benevolent and has no feeling of anger toward Japan. The opening of factories in China by Japan does not mean she will have a monopoly of such industries as England could also open factories if she chose."

In Readiness for War.

LONDON April 17. The Cunard liners Campania and Lucania have been added to the list of subsidized steamers, their owners agreeing to hold them at the disposal of the admiralty.

In event of war they will be equipped with five inch breech loading guns and Nordenfeldt machine guns.

Earthquake Shocks in Laibach.

VIENNA April 17. Shocks of earthquake were again felt in Laibach last night doing a little damage to the town and greatly increasing the existing panic.

Most of the people who remained in the town after the previous shocks are now fleeing to the open country leaving the place almost deserted. Food is very scarce and great distress prevails.

Aid by Spanish Sailors.

MADRID April 17. The sailors of the Spanish fleet have unanimously agreed to contribute a day's pay to the relief of the families of the men lost on the cruiser Reina Regente.

Price of Oil Advanced.

GLASGOW April 17. At a meeting of the representatives of the Scotch Oil Companies yesterday it was agreed to increase the price of illuminating oil to two pence a gallon. This raise is equivalent to an increase of the revenue by 70,000 or 80,000 pounds.

Negotiations Abandoned.

MADRID April 17. The Spanish government has abandoned negotiations looking to the purchase of the cruiser recently built at [illegible] for China, which was not delivered owing to the fact that the purchase money was not forthcoming.

The builder of the cruiser demands £60,000 for his vessel and this figure the Spanish authorities consider exorbitant, the government having recently paid only £44,000 for a cruiser of the same type that was built in Spain. The torpedo gunboats Martin Alonzo Pinzon, Jancon, Galicia and Filipinas will sail for Cuba to-morrow.

Other vessels are being made ready in case they may be required. Senor Castellanos Minister of the Colonies asks only one million pesetas in silver to Cuba and if more money is needed gold will be sent. The object of this is to prevent the rise of exchange [illegible]

The Cuban Revolution.

NEW YORK April 17. The Herald's special from Nassau N. P. says: From Palenque, Cuba, General Maceo is reported to have proclaimed Dr. Thomas Estrada Palma provisional president of the Cuban revolution. Jose Marti is secretary and general [illegible]

Gen Maximo Gomez is recognized as the supreme military director and will have also personal command of the province of Puerto Principe.

The rebel chiefs throughout Santiago have been instructed to avoid engagements with the Spanish forces until after April 26, and to endeavor in the meantime to gather all the horses and arms possible to perfect their organization and centralize their forces.

TWO MEN MISSING

Start Down the Connecticut in a Canoe.

BELLOWS FALLS, Vt. April 17. Great anxiety is felt here for the safety of [illegible] Alexander, Jr. cashier and paymaster of the Fall Mountain Paper Co. and foreman Fitzgerald of the Patent works, who started down the Connecticut in a small cedar canoe yesterday at 3.30 p. m. for a ride of a mile or two. About 5 o'clock they were seen passing Bast Putney two or three miles below here since which time nothing has been heard from them.

They were expected back on last night's train. Searching parties with teams and boats went down the river this morning. A free use of the telegraph and telephone has failed to locate the men and it is feared their canoe capsized and they were drowned. Both men were about [illegible] years old, unmarried and very popular in society, Alexander being betrothed to a leading young lady and to be married soon.

WILL BE EXECUTED SATURDAY

If Governor Stone Does not Interfere.

JEFFERSON CITY, Mo., April 17. Unless Governor Stone interferes seven men will be hanged in this State Saturday. They are Jacob Heinse, Henry Kaiser, James Murray and W. H. Taylor, in St. Louis, John Burris, alias Joseph Dusty, in St. Joseph, Edward Murray, in Gasconade county, and James Crispin, Webster county. A delegation of St. Louis women waited on Gov. Stone yesterday in the interest of Heinse and Kaiser but received no encouragement. It is expected the Governor will determine the fate of all the condemned men this afternoon.

MORMON COLONISTS

Arrangements Being Made for Removal of 10,000 Mormons to Mexico.

CHIHUAHUA, Mex., April 17. H. J. Meredith, of Utah, has arrived here to arrange with the State government for the removal of 10,000 Mormon colonists from Salt Lake City and other parts of Utah, to this State. This exodus will begin, he states, as soon as the necessary land can be acquired, which will be within a few months. It is proposed to establish the colony in a rich agricultural section and it will come with the necessary capital with which to develop the country. Mr. Meredith claims that the Mormon Church is behind the movement.

SILVER QUESTION

Gov. Stone's Views on President Cleveland's Letter on the Subject.

JEFFERSON CITY, April 17. When called upon for an expression of opinion concerning President Cleveland's letter on the silver question, Gov. Stone said: "I think the President's letter is merely a repetition without additional information of his position as a gold monometallist. It is merely a re-statement of his position, which everybody has known for some months and which I think is as radically wrong to-day, although often repeated, as it was when he first gave utterance to it. That is all I care to say on the subject."

Four Years in a Barber Shop.

"It is rather a curious fact," said a [illegible] man who sports a luxurious [beard], that one of the few [illegible] of my going to church is responsible for my growing this [beard] The minister happened in the course of his sermon to say that a man spent a third of his time in sleep, and that one living to the age of threescore and ten would pass 23 years in slumber As the sermon was not a particularly interesting one, my mind wandered away from it, and I began calculating how much of one's life would be spent in a barber's shop. Allowing a reasonable time for waits and for the actual process of shaving daily, I soon discovered that in the years left to me, if I should attain the patriarchal age of 70, I would spend at least four in a barber's shop. Think of it! Condemned to four years in a barber's shop! That settled it, and although that was 10 years ago I have never been shaved since."—Philadelphia Record.

RAGING WATERS.

The Freshet at Amesbury, Mass, Beats the Record.

All the Wharves Submerged and Cellars Filled with Water.

Damage by Flood in Haverhill Estimated at $75,000.

SACO, April 17 There is very little change here since early this morning when Hooper Bros ' lumber mill was carried away. It lodged on Poor Islands remained till 5 30 and then resumed its journey toward Cataract Bridge. While grounded on the island the mill was so badly wrecked that it had a less effect on the bridge when it struck. Crews were set at work demolishing the wreck A large section of it is still crowded against the abutments

Two Boston and Maine wrecking crews are still working to clear the debris from under the railroad bridge, but are making very little headway

The old Deering mill at the Saco end of Springs Island dam, and the old Bobson mill at the opposite end of the dam, are in danger of being swept from their foundations.

Street car traffic over the Cataract and Main street bridge, between Biddeford and Saco, has stopped and teams cross The reservoir contains a sufficient supply to last several days The York and Laconia mills, Saco Water Power Machine shop are shut down during the flood A despatch from West Buxton says there has been no rise there since 8 o clock It is expected that the freshet here will begin to recede here before night

Coast Clear for Navigation

BATH April 17 The Kennebec Steamboat Company have advices from its up river agent that the river has already fallen some five feet and continues subsiding, and that there will be no trouble in the steamer Kennebec making landings at Richmond Hallowell and Gardiner to morrow on the first trip of the season from Boston A large number of logs that got adrift on the Androscoggin yesterday have been captured at Merrymeeting Bay a few miles above the city

Repairing Washouts

CONCORD N H, April 17 A large force of men are at work repairing the washout on the main line of the Concord & Montreal Railroad, and it is hoped to open communication with the south, via Suncook branch to-night Meanwhile trains are being sent via Henniker Junction and Manchester The main line of the Concord division of the Boston & Maine is in a very bad condition and it is doubtful if trains will be run over it before Saturday night

Rapidly Receding.

HAVERHILL, Mass, April 17 The water in the river fell fifteen inches last night and is rapidly receding this morning The track of the electric railway is clear and traffic has been resumed through to Lawrence It will be several days before the shoe factories can resume operations The electric light plant will probably be in a condition to furnish light for the city by Thursday or Friday W F Pike s coal shed near the Groveland bridge was undermined and damaged to the extent of $300 Large gangs of men are at work along the river, clearing up debris as fast as the water recedes from the buildings and basements The damage done by the flood in this city is estimated at $75,000

All Records Broken

AMESBURY, Mass, April 17 Last night s tide and freshet in the Merrimac beat all records here All the wharves were submerged and water stood in the cellars from one to three feet deep No cars have yet been able to run over the Newburyport and Amesbury Street Railway from this town to Merrimac The water backed up through Powow and Back rivers and flooded several of the carriage factories and dwellings along the bank, causing a shut down this morning The water is now slowly subsiding

Mills May Start Thursday

LAWRENCE, Mass, April 17 The Merrimac river is falling rapidly and at one o clock was two feet below the highest point reached during the present freshet The mills are still practically idle but it is thought that some of them may start up to-morrow

Street Railway Traffic Partially Resumed

LOWELL, Mass, April 17 The flood at this point is gradually receding The Merrimack river at 3 P M to-day was three feet lower than the highest point reached during the freshet Street railway traffic was partially resumed this forenoon, but it is not probable that service will be fully restored before tomorrow None of the mills have as yet resumed operations

Bridge Goes Out

MANCHESTER, N H, April 17 The east end pier of the Amoskeag bridge over the Merrimack, went out this forenoon The city authorities closed the bridge to public travel The structure is now in a very dangerous condition

Connecticut River Still Very High

NASHUA, N H, April 17 The flood situation is much improved The Merrimac has fallen three feet since last night The first direct train from Boston came in this morning. It will be some time before the C & M road is repaired being badly washed out between here and Manchester Shops are still shut down for lack of electric power but the company expects to have electric lights running to-night There have been no mails direct from Manchester since Monday

An Improvement Reported

MIDDLETOWN, Conn, April 17 The Connecticut river is now the highest since 1876 Last night the river rose a foot and a half and is now about two feet above the high water mark of 1891 The freight tracks of the valley division of the N Y N H & H R R are from two to five feet under water The floor of the freight house is 19 inches below the surface of the river Several hundred car loads of freight have been kept from being unloaded on account of the unusual height of the river The river is still rising at the rate of half an inch an hour

A correspondent at Orono writes that the first concert and ball of the Independent Order of Foresters, given under the auspices of Court Orono 1330, was a grand success There were more than 100 couples in the march and circle, which was led by Floor Director F G Gould and Miss Annie Buffum The hall was prettily decorated with bunting and flags A large, life-sized portrait of the Supreme Chief hung on the wall in the rear of the stage There was an order of fourteen dances

An important step in the development of Aroostook county has been effected by the decision of the North Jay Granite Company to locate a plant in Houlton, providing they can secure a good quarry on favorable terms Representatives of the company have been examining the granite in Oakfield, Smyrna and New Limerick, and pronounce it of very fine quality With a granite industry and the new lumbering enterprises that will follow the extension of the railroad, Aroostook s boom will get another boost

The rain storm of the 8th and 9th insts caused several landslides on the Canadian Pacific railroad in the neighborhood of Onawa, and makes business lively for Roadmaster Barrett Business is good on the road, making it necessary to run three special trains every day and some of them double-headers at that Three emigrant trains have passed during the past ten days, going West and heavily loaded One had on 113 orphan boys from the old country bound to Brockville, Ont Malton Beaton, a Scotchman, 72 years old, watches a rock cut every night to protect the two express trains from falling rocks.

The concert and ball given by the City Hose Company, No 2, E. F D, of Ellsworth, was a financial success, in Hancock Hall, Monday evening The hall was tastily decorated with bunting, lanterns, etc, and the trophies won by the old company of Union No 2 in many a hard fought battle were conspicuously displayed The concert, wholly by local talent, was unusually fine Miss Monaghan, who scored such a success as 'Priscilla' last February, sang two solos and was enthusiastically received Miss Aiken, a graduate of the Emerson School of Elocution, rendered two selections and was obliged to respond to encores Irish character sketches and songs by a local funny man with his local hits made a hit. An appropriate recitation, "The Fire Bell," was very well given by little Miss Bertha Cook. Monaghan s orchestra furnished music.

In discussing wild lands the other day a Piscataquis land owner said "Some folks think that all they have to do with wild lands to get rich, is, just hold on to it, not cut anything and let the timber grow, but a greater mistake was never made Unless timber lands are cut off, and are producing a new growth, there is nothing gained by holding them idle for any great length of time. A particular instance showing this fact occurred within my knowledge In the town of Elliotsville a tract of wild land containing about 2,000 acres was taken on execution by a Boston creditor, way back about 1830, and the title was bid in by him. He seemed so well satisfied with his purchase that he would neither sell the land, nor the timber on it; neither did he cut any himself. He was simply letting it grow. It was sold for taxes several times, but his agent would buy in the title and lay it by with his other deeds. He died a dozen years or more ago with the land still on his hands. It had to be sold then to close the estate, and the best they could do they didn't get but little more for it than it would have sold for five years before. So there was the interest all those years gone for nothing. The growth, in fact, scarcely more than held its own, and that in my opinion is what may be expected of all woodland that lies idle, if it has a fair growth to start with. It needs to be cut as it matures, in order to give new growth a chance."

A Suit Brought to Recover Life Insurance

A Pig Electrocuted Over in Biddeford.

Androscoggin

The Lewiston police have been notified that Fred Levasseur, the Berlin Fall[s] suspect, may be in Lewiston and several others besides the marshal and deputy are at work looking for him

Cumberland

A sneak thief entered an up-town boarding house in Portland Sunday and stole a pocketbook containing a small sum of money from one of the rooms

The new insurance company of which Sidney W Thaxter is President and prominent business men of Portland are directors, has completed its organization under the name of the State Mutual Fire Insurance Company of Portland

David S Murdock has brought suit against the Mutual Life Insurance Company of New York to recover $2 000 insurance on the life of the late Charles A Woodbury, of Deering who died very suddenly September 2? 1881 The case has been transferred from the State courts and put on the docket of the United States Court as the parties in the case live in different States It will be remembered that before the death of Mr Woodbury he had transferred his $2 000 life insurance policy to David S Murdock and after his death the insurance company refused to pay the amount of the policy Mr Woodbury died very suddenly about 11 30 o clock in the forenoon while in the office of Col Edward Cobb, in Portland He was taken violently ill and Dr Wor[illegible] who was called, had arrived he was dead It was rumored at the time that Mr Woodbury s death was due to poison and after he had been buried his body was exhumed and the stomach sent to Prof Robinson of Bowdoin College for examination What the result of the examination was has never been made public, but as soon as the Mutual Life Insurance Company had received its report from the chemist it refused to pay the transferred insurance policy and the suit has been brought as a result of the refusal The attorneys in the case are Symonds, Snow & Cook and Frank & Larrabee for the plaintiff and N & H B Cleaves for the defendants It will come up for trial shortly in the United States Court

Kennebec

There was a very pretty incident at the Easter services of the Universalist church at Augusta Just as Rev Mr Hayden commenced prayer a dove entered at the open window and alighted on one of the pillars near the altar At the close of the invocation it circled about the altar for a moment and then flew to the top of the organ where it remained until the close of the service

Kennebec Journal Col A S Bangs, president of the Augusta board of trade was asked by a reporter the other day what he thought of the proposition of building a line of railroad from Augusta to Lewiston and he at once said that he was strongly in favor of the plan His idea is to have it run out of Winthrop by way of Cobbosseecontee Lake and thence to the spindle city where it would connect with the Grand Trunk railway thus furnishing the capital of Maine with excellent railroad communication

Lincoln

A creamery meeting was held in Newcastle Saturday Three hundred and three cows were pledged and from $1 500 to $2 000 Several more committees were chosen and another meeting appointed in two weeks

York

A Biddeford firm has adopted piano concerts as a means of advertising their goods This may do for a time but the newspaper all pays in the long run

Biddeford has a mechanical genius with an itching to get into law He recently made a dynamo which he set up in his shed His pig which by the way the genius bought of a neighbor became snarled in the electric wires and was electrocuted But the genius declares that the current was not strong enough to kill a well pig that this pig had dyspepsia, nervous prostration and other ills that good pig flesh is supposed not to be heir to Consequently he has brought suit to recover the value of the pig from the neighbor of whom he purchased it.

This was the condition of affairs reported at Biddeford, Tuesday night The Saco river was steadily rising and had passed the highest point reached since 1870 The main boom two miles above there has been so reinforced by chains and ropes that the river men believe it will hold its own logs and those that have broken loose from up river booms Most of the morning's West Buxton and Bar Mills wreckage reached there Tuesday night Another section of the bridge between Hollis and West Buxton was carried away The cataract bridge at Saco being in danger from accumulated logs and debris, the Boston & Maine ordered two work crews there one from Portland and the other from Lowell with a steam derrick The latter arrived at midnight Both crews were employed all night removing logs from the trestle The Hooper saw mill and mill which are badly undermined by the water still remained on their foundations but it was believed they could not much longer stand up against the current The condition of the flooded streets there was worse than ever Tuesday night, crews were hauling stone with which to weight down the bridges The York mills will be obliged to shut down for a time owing to the freshet

Vice President and General Manager F W Cram of the Bangor & Aroostook railroad and Hugh R Chaplin Esq, of Bangor, attorney for the B & A road, were guests at the Snell House at Houlton from Saturday to Monday. Mrs Cram accompanied her husband. Mr Cram presented a beautiful enlarged copy of the picture of the salmon leaping the Caribou dam to Landlord Coburn and it now adorns the dining room in the Snell House

Paper gloves and hosiery are named as among the very latest novelties. Stockings which sell at three cents a pair are proposed. In fact, the experiment of making paper stockings has been going on for several months, and the party engaged therein believes that paper mittens and gloves would possess advantages in their season. The goods are light and airy and very comfortable in summer. When finished and dyed their appearance is similar to ordinary fabric goods. The paper yarns are made pretty much after the plan of making common paper twines except that the former are put through certain special processes. The principle is that of making a sort of nap on the yarn. This is done automatically. Ordinary paper twine or yarn is too smooth but a good gigging up gives the yarn a nap and this imparts softness. After the knitting has been done the goods are placed in a sizing bath made from potato starch and tallow, which imparts tallow solidity and durability to the texture

A Fine Store

Mr M H Andrews by purchasing the interest of Mr George W Knight, in the firm of M H Andrews & Co, music dealers 82 Main street becomes the sole proprietor of that establishment which is the best music store in Maine. Under his management the business will without doubt continue to increase and his many friends wish him the best of success

The large and choice stock comprises pianos, organs, musical instruments of every description, sewing machines and sheet music and Mr Andrews imports and wholesales harmonicas and strings. The store has a basement and four commodious floors

Mr F R Atwood does the tuning and repairing with much efficiency, this feature being carefully looked after as well as the other

There is also a bicycle department in charge of Mr. Perley M. Andrews and the stock comprises many first class wheels for men, women and children.

Mr. S. W. Philbrick, of Skowhegan, is in the city.

SHADOWS OF A GREAT CITY.

A Spring Ripple in Police Circles

Mrs. Thomas Tuttle made complaint at the police station yesterday that she had been robbed of a sum of money amounting to about $15 and a check for $5 and the case was investigated by the police who did not find as much of a case as the complainant indicated in her accusation. It seems that Mrs Tuttle went to the fruit store of Lewis Bernadini on Main street and bought 40 cents worth of oranges which she had charged

After leaving the store she hired Public Carriage Driver Hickson to take her home. When she arrived at her residence she opened her purse and not finding any money told Hickson that he would have to wait for his pay until to day, when she expected to collect some money which was owed to her

This arrangement did not suit the public carriage man who felt he had earned his fare, so he kept the oranges as security. Mrs Tuttle was much exercised over the departure of her oranges so juicy and sweet, and soon returned up town. Going to the police station she reported that the public carriage man had robbed her

She said that she had two purses the one containing the $15 and check for $5 being tied up in the bag of oranges. Hickson was interviewed by the police and denied the accusation. He had the bag of oranges, however, apparently unopened, and left it at the office of Chief of Police L W Gilman. The case will probably go no further

Base Ball Notes

The Bangor directors yesterday received word that the games between the Bangors and Springfields arranged for next Monday and Tuesday would have to be cancelled as Hampden Park where they were to have been played is flooded by the rise of water in the river

This is unfortunate for the Bangors as they will lose the practice, unless games can be arranged in their places and a considerable sum of money

Kelley who was to have been given a trial as backstop, is claimed by Augusta on the ground that he was signed on the 11th

Oliver Burns short stop of last year's Portlands who signed with New Orleans, has been transferred to the Chattanoogas

Lowell is after Sockalexis the Old town Indian boy now at Holy Cross College. Sockalexis has grown wonderfully during the past year or two. They say that he now stands 6 feet 2 inches in his stockings, but he can do 100 yards in 10 2-5 seconds

Abel Lezotte left Tuesday afternoon for Wilkesbarre Pa. He would like to have remained in Lewiston but couldn't get his release from Manager Shannon

In a review of the prospects of the several league clubs the Philadelphia *Times* says "The Bostons are never beaten. They fight for a game from the word go and by their team work alone will win many a ball with a team weaker than the one against which they are playing. They have the advantage too of having played several seasons together, and have got their team play very close to perfection

President Young has settled the question as to the rights of a base runner when a ball tipped by him is caught within 10 feet of the plate as stated in Tim Witt. On the interpretation of this rule two excellent authorities, Harry Wright and President Young disagree. The former says the play should be considered the same as a foul and the base runner return to his base, but the latter rules that it is only a strike and a base runner may steal one or more bases. The rule says "A strike is a ball tipped by the batsman and caught by the catcher within the 10 foot lines." Nothing is said about a foul. It is clear that President Young is correct

Pitcher John McKillop, who was sought by several of the New England League clubs, has turned his back on all of them and signed with Springfield

The once famous Pitcher Charlie Radbourn is said to be dying at his home in Bloomington, Ill, of quick consumption

The Harvards and Darmouths will play in Varick Park, Manchester to-day the New Hampshire Fast Day

The directors of the Pawtucket ball club of the New England league met Tuesday night and elected officers as follows: President, Mayor Henry E Tiepke secretary and treasurer Henry F Lynd directors, C Fred Crawford David Tyrell, Michael Moy. Manager Bacon was present and outlined his work which was most satisfactory to the directors. The players reported Tuesday and the management is open for games

The most promising men training for positions on the Maine State College team are Catcher Captain Palmer pitchers Bass and Frost first base. Dc Haseth, second base, Emery and Files third base Farrell, short stop Dolley Welsh, left field, Frost and Banker center field Brann, Higgins and Merrill right field Brown, French and Brown. The men have not been able to get much out door practice yet but the diamond will be dry very soon now.

The muster roll of the league is 224 players. Bostons 20, Baltimores 17, New Yorks 16 Philadelphias 21, Pittsburgs 19, Clevelands 15 Cincinnatis 20, Chicagos 18 St Louis 18 Brooklyns 20, Louisvilles 21 and Washingtons 18

The Mutual Juniors are in good practice and will play Saturday. They are on the warpath now for funds for uniforms

Augusta will be represented by a strong team in the New England League and the people of the four Kennebec cities will probably see better base ball games than have ever before been played in that section. The necessary financial support has been assured. The capital stock is $2000. It is expected that Augusta and Hallowell will take $1000, while the other $1000 will be divided equally between Gardiner and Waterville. The electric railroad and the Augusta hotels are subscribing liberally and so are several prominent individuals who are lovers of the game. Fifty six games will be played, divided as follows: Augusta, 26, Gardiner 15, Waterville, 15. Mr Walter W Burnham, the manager of the team, is known as an experienced base ball man. It is said that he has organized more clubs in minor leagues' cities than any other manager in the business. Mr Burnham has been making arrangements for putting the grounds at the driving park into condition for the season's campaign, which will open May 8

The Mutual Club accepts the challenge of the St. Mary's Altar Boys team to play on Fast Day. The team will probably be made up as follows: Henry, c, Bicknell or H McGrath, p, Mulvaney, s s, Palmer 1b, Gibbons 2b, Hamlin, 3b, Whiting, c. f, J McGrath, r. f, Noonan or Rogers, l f

F H Appleton, Esq, returned from Moosehead yesterday morning. He attended the meeting of the directors of the Moosehead Lake Navigation Company

Second Lieutenant F. R. Cumming, of the Hamlin Rifles, left for Augusta yesterday afternoon to take his examination to-day. Capt. E. E. Spencer went over on the evening train.

Mr. W. A. Purinton, station agent of the Bangor & Aroostook Railroad Company at Caribou, formerly of Bangor, is in the city on a visit. Mr. Purinton is much pleased with Caribou, which is a busy, hustling and growing town.

CALICO BALL.

A Happy Time at City Hall Wednesday Night

The Easter calico ball at City Hall Wednesday night under the auspices of the Unitarian Memorial Association was a gratifying success and gave all a most enjoyable evening of music and dancing. The attendance was large and both the floor and galleries were well filled with dancers and spectators

The hall was handsomely arranged and decorated. Upon the stage were Easter lilies, palms, plants and flowers and about the sides of the hall booths, beautifully arranged, were placed

The lemonade booth was in charge of Mrs J P Walker Mrs Henry McLaughlin Mrs S R Prentiss and Miss Peters

Mrs L M Hersey Mrs F H Appleton and Miss Frances Mason presided over the confectionery booth

The flower booth was in charge of Mrs H A Chapman, Miss Alice Walker and Miss Charlotte Roberts

The furniture for the small reception rooms about the hall was from Oakes & Chandler

The arrangements for the ball were in general charge of Miss Hemmenway, Mrs Henry McLaughlin Mrs S R Prentiss and Mrs F A Owen aided by other ladies of the society

Edward Nutter and Harold Stetson acted as pages during the evening and saw that the guests were supplied with the cooling lemonade

At 8 o'clock Pullen's orchestra began the following choice concert programme each number of which was given a very skillful and harmonious rendition

March from Excelsior Jr	[illegible]
Overture, Jolly Robbers	Suppe
Evenings Erwachen	Bach
Select Rob Roy	De Koven
Advance and Retreat of the Salvation Army	Orth
A Hunt in the Black Forest	Voelker

After the concert dancing was in order and the floor was quickly an attractive scene with many dancers gliding gracefully about. The order comprised sixteen dances and there were several extras. The dancing was fully enjoyed by all present and the new music rendered by Pullen's orchestra received a great deal of very favorable comment

At 10 o'clock Col J K Stetson announced that refreshments would then be served in the banquet hall and there was no lack of visitors there. The supper was well appreciated after the previous exertions. Dancing was continued until about 1 a m. The following were those who had efficient charge of the floor

Convention of Young People's Christian Union

The Young People's Christian Union which is the organization of the younger element of the Universalist church, is making extraordinary preparations for the national convention which is to be held in Boston July 10 to 14 inclusive, with delegates from all over the country. The programme of exercises is well under way although the different places of meeting have not yet been fully decided

The general plan is as follows: On Wednesday evening, there will be addresses of welcome, followed by responses. The day sessions until Sunday will be taken up with reports, routine business, presentation of department work with free parliaments in connection with them

Sunday morning there will be a sermon and celebration of the Lord's supper. In the afternoon there will be a praise service with short addresses by State presidents and in the evening a sermon

On the other evenings addresses will be given by prominent ministers of the denomination. Among the speakers who are expected are Rev I M Pullman D D of Lynn, in whose church six years ago last October the Y P C U was organized. He is one of the best known preachers in the denomination in New England

Rev G L Perin D D, former missionary to Japan and now pastor of the famous Every Day Church will have much of note to tell the young people especially of this new institutional church movement in which all are interested

Rev L Ellwood Nash, D D of Brooklyn N Y one of the younger and more aggressive preachers has always been a great inspirer of young people's work and will have much to say on the outlook for the union

Rev A J Canfield D D formerly of Chelsea later of Brooklyn is pastor of one of the largest churches in Chicago and being a speaker of ability will be a great attraction

The women ministers of whom there are now 45 in the denomination will be fully represented. Among those expected are Rev Florence Kollock, of Pasadena Cal a woman of rare culture who built up a large society during her 14 years pastorate at Englewood, a suburb of Chicago. Rev Henrietta G Moore, of Springfield, O, at one time national organizer of the Woman's Christian Temperance Union, and Rev Augusta J Chapin, D D, of Omaha Neb who is the only woman in the world who has received the degree of doctor of divinity. She was a member of the board of lady managers of the World's Columbia exhibition, and of the woman's committee of the auxiliaries

These are a few of the notable preachers who will address the young people who are looking forward to the "Boston '95" convention to give even greater impetus to their work

Civil Service Examination

The regular semi annual examination for grades of clerk and carrier will be held on Saturday, June 1. Application will be accepted up to hours of closing business May 13th. The examination is open to all reputable citizens who may desire to enter the postal service, without regard to their political affiliation. All such citizens whether Democrats or Republicans or neither are invited to apply. The age of carrier is 21 and not over 40 and of clerk over 18. They shall be examined, graded and certified with entire impartiality and wholly without regard to their political views or to any consideration except their efficiency as shown by the grades they obtain in the examination. For application blanks and full instructions apply at the post office to C F Thompson, secretary

Municipal Court

John McLeod, drunkenness 30 days in jail. Appealed

Patrick O'Brien, drunkenness, $3 and costs. Committed

Frank Sheehan, Edward O'Brien and James Owen, who were brought in from Carmel by Constable Kimball and arraigned on the charge of being vagabonds, were discharged. The men objected to being called tramps and said that while they were tramping, it was because they were out of work and had to tramp to get anywhere. They said they came down from Boston to Waterville on the promise of getting a job with a man there to go into Aroostook. They said he was not ready and they were working their way here for a job. They said they had never begged before.

Judge Vose rendered a decision yesterday in the case of W. O. Tibbetts vs. Goon You Boy, finding for the plaintiff for the full amount. Goon You appealed the case.

AMUSEMENTS

Prof Bristol's Horse Training Exhibitions

Next Monday Prof D M Bristol will begin a week's exhibition of horse taming at The Norombega, and this novelty in the entertainment line will doubtless be well appreciated by the Bangor public as the exhibitions are well spoken of

The exhibitions will occur on the floor in front of the stage and the raised opera chairs with which the hall is furnished will give a good view. Prof Bristol will handle and drive a pair of runaway horses, handle a double team of vicious kicking horses, perform a fire cracker and pop act, newspaper test and tip over act, drive and handle three vicious horses at one time and do other remarkable feats

Prof Bristol tames the animals without cruelty and the exhibitions are said to be very interesting. Citizens who have vicious horses are invited to bring them to the hall to be tamed. Prof Bristol will be assisted by several trained men

Popular prices will prevail. Rufus Somerby and George Milbank are the owners and Mr Somerby the manager. See the ad in another column

Amusement Notes

"The Tzigane" has been selected for the title of the new comic opera just completed for Abbey Schoeffel & Grau by Reginald De Koven and Harry B Smith, which Lillian Russell is to produce at Abbey's Theatre next month. Tzigane is Russian for gypsy and the leading character which is to be sung by Miss Russell is a gypsy fortune teller. The scene of the opera is Russia in 1812, the time of Napoleon's invasion but Napoleon has no place in the work. His Russian campaign being used incidentally only as historical background for the opera

The scene of the first act is the fair at Nijni Novgorod. Vera the gypsy, is in love with Kazimir a young officer who is heir to a large estate. During Kazimir's absence his uncle orders Vera to marry Vassili [illegible]. Kazimir returns and finds her married and as he comes into his estate about this time, circumstances make it appear that he has ordered the marriage in order to rid himself of Vera. Believing him to be guilty of this treachery Vera determines to win by her own efforts a position equal to his. She encounters Ninetta a dance accompanies her to Moscow and becomes a famous singer

The scene of the second act is in the palace at Moscow where the ambassador's ball is in progress. This act ends with the announcement of Napoleon's invasion and the declaration of the Holy War by the assembled Russians. There are two scenes in the third act, the first being a Cossack camp. A strong military interest pervades this scene and a novel musical number will introduce a Hungarian gypsy band. In this act Miss Russell appears as a vivandiere. The final scene shows a Russian village in winter

There are three comedy parts in the new opera which will be played by Jefferson de Angelis, Joseph Herbert and Frederick Solomon. Flora Finlayson will sing the contralto role and Clara Lane will be the soubrette

Pauline Hall the patent of [illegible] opera is meeting with approval and creating interest and enthusiasm by her innovation recently made. At the close of each performance and as the final strain of music in her operatic comedy Dorcas dies away the orchestra merges into the national anthem America and the company deliver the grand words and music of the national hymn as a fitting climax. They are encored several times and as a rule the audience join in the rendition. The idea is said to be original with Miss Hall who announces her intention of continuing it permanently and striving in every way to make it a universal custom

Nothing save that he was short, I answered, shorter than I am, at any rate, and I fancy a good deal

"A good deal shorter than you are?" my lady said uneasily. That is no clew. In this country nine people out of ten are that. Clarence, now, is not."

No," I said. "He is about the same height. It was not Clarence."

"Then who could it be?" she muttered, rising and then with a quick shudder sitting down again. "Heaven help us, we seem to be in the midst of foes! What could be the motive? And why should the villain have selected you? Why pick out?
